

KELLY KNOCKS OUT DUBINSKY'S LEWIS

IN FOURTH ROUND OF EIGHT ROUND BOUT BOY FROM SULPHUR ENDS FIGHT—GREAT EXHIBITION

The greatest exhibition of the manly art of self defense ever pulled off in Ada was staged last night by the Norman V. Howard Post of the American Legion. The exhibition consisted of a four round bout of no decision between Curly Sturill and Frisco Vernon of Ada; a free for all fight between seven negroes and what was announced as an eight round bout to a finish between Jack Kelley of Sulphur and Sailor Lewis, of the Dubinsky Bros. show.

Take it for all in all the evening's entertainment was one of immense pleasure. A crowd of probably 300 men was present to see the excitement and the enthusiasm and laughter for a while surpassed that of the most exciting baseball game. Each man had his favorite in the contests and he did not fail to say so. The boxing match staged by the Legion boys is one long to be remembered by the sport lovers of the community. When the hat was passed to raise funds to defray the expenses of the meeting about \$125 was quickly raised.

The first number on the program was a four round bout between "Curly" Sturill, local boxer and wrestler, and Frisco Vernon, star athlete of East Central Normal school. This bout was not to a finish but it was so full of excitement that when it was over all present were glad they came to the show and each felt that he had had

his money's worth if nothing else had been put on. Sturill and Vernon did some fine boxing and each showed that they knew the game in every particular.

The great comedy event of the evening was the free-for-all fight between some of the inhabitants of the flat in Ada. It was announced that all the colored boys who cared to do so could enter this contest and six men besides Snow Cole responded. They made it up among themselves that the last man in the ring should get all the money allotted to them and of course each man did his best to win. It looked as if several of the fighters "framed up" on Snow Cole and this old boy was knocked from the ring once or twice. One by one these brave heroes fell until finally the contest dwindled down to two small men. They were about evenly matched and the on-lookers cheered while one of the men finally ousted his last competitor and took the prize. It is worth the price of admission to see only two negroes in a mad scramble but when seven of them go into the ring at the same time you get your money's worth over and over again.

The last event of the evening was the serious eight round fight to a finish bout between the two semi-professionals, Jack Kelley of Sulphur is the man who knocked out the two men traveling with the carnival company in Ada two weeks ago. He has gained quite a reputation among the local lovers of the boxing game and when it was announced he would perform for the American Legion last night there was no difficulty in getting an audience. Sailor Lewis, who travels with the Dubinsky show, was a boxer in the navy for nine years and as the two men were evenly matched in weight it was expected their contest would be full of sensations.

In the first round of the contest the sailor flew at the Sulphur man from all angles and pounded him seemingly without opposition. Kelly did not seem to show much fight, but only dodged and kept moving out of the sailor's way. Some of the crowd thought the Sulphur man was weak and unable to match the sailor while it was the belief of

others that Kelly was trying to worry the tall man down.

The second round was about like the first except the blows were harder and thicker and each man pounded the other unmercifully. Kelly got in some good blows in this round, one of which closed the left eye of his opponent. In the third round both men worked hard, and landed blows in all directions. In this round each man became groggy and showed signs of waning strength. Kelly used his left uppercut to advantage and brought blood from the sailor's face. At the end of the round it was believed that the men could not go on at such hard fighting longer than one other round, so it was announced that the fourth round would be the last.

The fourth round was more violent than the previous ones in many ways. The sailor struck several strong blows on the face and body of Kelly, but Kelly continued to "come back," and just before the gong sounded for the round to end Kelly struck the sailor several times in the face and felled him to the floor. The sailor was bleeding and sore and the contest ended at this point.

The boxing contest was given last night for the purpose of interesting ex-soldiers in the American Legion at Ada. This is the week that a drive is being made all over the country for new members of this organization and each member is doing his best to get others to join. The regular meeting of the post will be held next Friday night and all soldiers who have not already done so will be welcomed into the organization if they care to join.

WAPANUCKA MAN CHOSEN TO SUCCEED HALE AT NORMAL

O. W. Hyatt, superintendent of the Wapanucka schools, was chosen today to serve on the summer faculty of East Central normal in place of E. C. Hale, who committed suicide at his home at Mill Creek Monday night. Mr. Hyatt has accepted the place. He is a B. S. and A. M. from Peabody college and is one of the best school men in Oklahoma.

Hays School Pupils Gave Nice Program Friday Afternoon

The Excelsior Society of the sixth grade, Hays school, met Friday afternoon, May 14th.

The following program was rendered:

Song—All through the night.
Reading—Truthful James, Kinnie May Coffman.
A trip through Africa—Thelma Wardlow.

Jokes—Hoyt Pryor.
Story—Ruth Trout.
Class Will—Vada Mae Atkins.
Reading—Emma B. Gregg.
Reading—Things we should know, Hubert Laird.

Riddles—Maud L. McCurry.
Reading—Hints on health, Frankie Cowling.
Names of U. S. Presidents—Katherine House.

Play—Our Flag.

Mr. Washington—Carl Browall
Mr. Morris—Clarence Guest
Col. Ross—Junius Riddling
Betsy Ross—Mildred Scales
Maid—Opal Qualls
Song—Star Spangled Banner.

Post Office Clerks Made Fine Record In Test Yesterday

In the examination held by the postoffice department for the clerks of the local office yesterday some

of the best records ever seen were made. These examinations are held annually and few places can boast of records better than those of the Ada office. In fact Hobart is the only city in Oklahoma where any individual made 100 per cent in the examination.

The test was in mailing out cards and the grade made by the local employees in the examination yesterday is given below:

Miss Fannie McKinney, time 20 minutes, grade 99.86.

Miss Earle Brunner, time 21 minutes, grade 99.86.

Erle T. Sumner, time 22 minutes, grade 99.79.

Alfred M. Vaden, time 22 minutes, grade 99.58.

M. E. Quarles, time 35 minutes, grade 99.58.

W. P. Lee, time 28 minutes, grade 99.86.

It's good. It's pure. It's wholesome. What? KNOTT'S VERY BEST BREAD. 5-18-2td

A Voice From Sioux City, Iowa, says

PE-RU-NA Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your almanac it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA." (Signed) W. W. NORTHROP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA. DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

Sold Everywhere Tablets or Liquid FOR CATARRH AND CATARRHAL CONDITIONS

-like oranges? Drink ORANGE-CRUSH

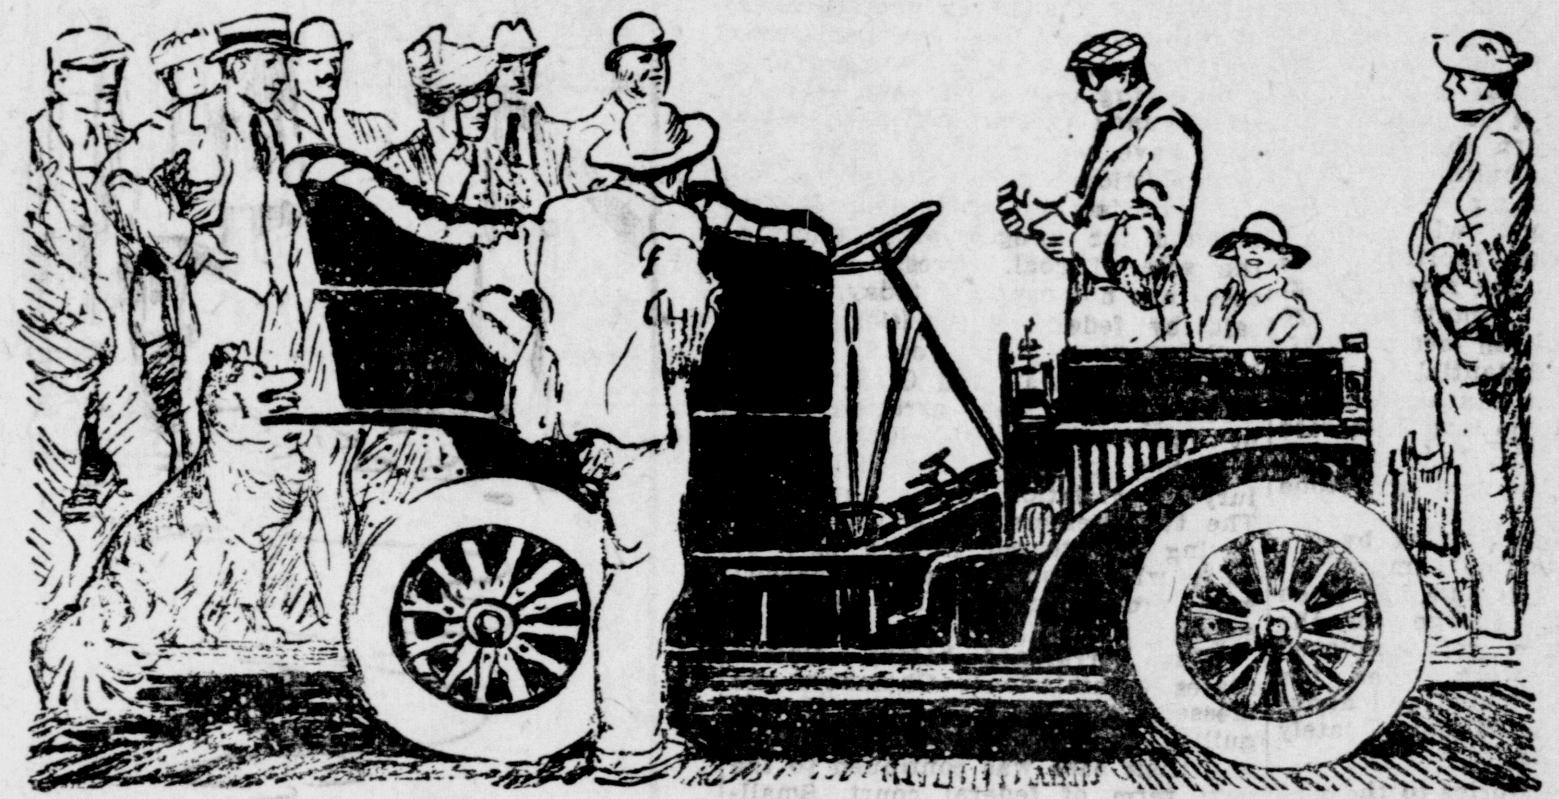

THE game over—then a quick, sure putt to a long, cold drink of Ward's Orange-Crush! Good? You bet it is!

There are few golf clubs in which Orange-Crush and Lemon-Crush are not the favorites at the "19th hole." Quality, purity and flavor have won this tribute—golfers drink only the best. There is satisfaction in knowing that all the delicious flavor comes from the delicate, fragrant oils pressed from the fresh fruits, purest sugar, and citric acid—the natural acid of oranges and lemons.

"The Story of Orange-Crush"

They used to call a man a "sport" when he bought an automobile

THAT was before the days when pretty nearly everybody owned one—or could, if he wanted to.

There was a lot of waste about motoring in those days. A man spent a lot of money on his car and never thought very much about *what he was getting* in return.

II

When a man buys a tire nowadays he has a *pretty definite idea* of what he expects to get out of it.

The dealer who sells him one that gives him *less* than he expects isn't likely to get any more of his business.

That's one of the reasons why we handle U. S. Tires—and *recommend them* to the

motorists of this community.

III

The U. S. reputation for quality is *not* built on *any* one tire.

There is not *one standard* for large U. S. Tires and *another standard* for small ones.

Every tire that bears the name "U. S." is built the *best way* its makers know how to build it. The *oldest* and *largest* rubber concern in the world *cannot afford* to play favorites in seeking its public.

IV

Come in and tell us what you are looking for in tires.

We can probably tell you whether you need a U. Nobby, Chain, Usco, Plain, or a Royal Cord.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

R. G. KNOTT HAS MODEL BAKERY

IMPROVED MACHINERY ENABLES
BAKERY TO BAKE 12,000
LOAVES OF BREAD DAILY.
MANY TOWNS SERVED

The industrial reporter in his search for news of successful business in Ada stopped in this week at the R. G. Knott bakery on West Main street. He found both Mr. and Mrs. Knott ready to discuss their great business for they are both proud of the work they are doing, as they well should be.

The Knott bakery is one of the best of its kind in Oklahoma. In fact it is doubtful if there is one in the state that surpasses this up to date establishment in its equipment for handling the bakery business as it should be handled.

The first thing to be noticed after passing through the retail department of the Knott bakery is the bread wrapping machine. This machine is known as the Brownell, Jr. Bread Wrapping machine. It reminds one at first appearance of a hay press, but when you see it at work you soon learn that it is not even a cousin to the farm machine. The bread wrapping machine of the Knotts bakery will wrap ready for shipping no less than 1,500 loaves of bread per hour. It runs by electric motor and all the labor used in connection with it is simply to feed the bread into it.

In the same room with the wrapping machine is the store room. Here the Knott bakery stores their flour as it comes in. One point in favor of the bakery is that they buy their flour by the car load and thus afford quite a saving on this item alone. In this room they also keep the racks for several thousand loaves of bread. These frames are all made of steel and are the latest models in sanitation and usefulness. When you leave the shipping room and go into the big baking department in the rear you find a number of machines that look weird and strange to the man not acquainted with the bakery business. But when these machines are explained to you you immediately see that they are labor saving inventions all intended to give improved service to the patrons of the shop. Among these machines are the cake mixer, cookie dropper, bun divider, dough mixer, loaf moulder, dough divider and flour sifter. All these machines are of the latest design and they are ahead of any other bakery in Oklahoma in a town the size of Ada.

In the big back room of the Knott bakery is also found two

ovens. One is the old oven used by the bakery since it was established by Mr. Knott several years ago. The other is the latest patent oven on the market which is now used by the bakery to turn out their goods.

The big oven used by the bakery at present is known as a continuous oven. This means that the oven heats from all sides by a patent process which allows the feeding and baking to go on at the same time. It is not necessary to let the dough stand in the oven any length of time as it is baked as it goes through and some of the bread is taken out as fast as it can be put in. It is possible through this big oven to bake 12,000 loaves of bread each day.

R. G. Knott started in the bakery business in Ada about 10 years ago. From a very modest beginning he has today one of the best bakeries in Oklahoma. His building is a two-story brick 25x150 feet. The first story is all taken up with his bakery and he lives with his family in the upper story. The bakery in addition to their large business in Ada is now furnishing bread and other goods to 10 towns in the neighboring territory. Mr. Knott makes a special effort to please his customers and he is succeeding to a remarkable degree.

Pavement Pickups

Miss Mary Cowart has finished her school at Haskell and returned to her home in this city Monday.

E. N. Jones is in Madill today on business.

The new arrangement of the various windows of the postoffice is an improvement and adds much to the appearance of the building. Better service was the idea Postmaster Westbrook had in view and the new changes will meet the requirements.

The city has several wagons over town which are gathering up waste paper and rubbish. This move was started by the sanitary board.

Mayor Kitchens has been very active in clean-up campaigns and states that the board reported only three cases of typhoid fever last

year, which goes to show that Ada is in a class with the clean and healthy cities of Oklahoma.

Ed Allen of this city and Miss Anna B. Laughton of Coalgate were married at Coalgate Saturday afternoon and left for Oklahoma City where they will spend a few days. They will make Ada their home as Mr. Allen is an employee of the Oklahoma State bank.

Mrs. H. C. Thompson returned yesterday evening from Chicago, where she had visited for two months with her daughter, Mrs. Burton Witherspoon. She was accompanied as far as Shawnee on her return by Mrs. Witherspoon, who after a few days in Shawnee will visit in Ada.

Rev. Moses Wesley and wife returned last night from Washington, D. C., where they have been attending the Southern Baptist convention. For a month previous to the convention date Rev. Wesley was in

different points of Georgia delivering lectures on the Indian Mission work in Oklahoma. He is an Indian missionary for this part of Oklahoma.

Just received, Wapco Flour, 24 and 50 lb.—Raines and Burdon, City Cash Grocery, Phone 231-308. 5-19-tfd

J. L. Ford of Shawnee, president of the Ada Milling company, was in the city this week in the interest of their mill here. The change in ownership of the Ada mill will take place while Mr. Ford is in Ada.

Father Dandurand, 100 years of age, is the oldest Catholic priest in the world. He was born in Quebec in 1819 and resides in Winnipeg, Canada, where he went by wagon train while a boy.

"Too much talk and too little work," is the trouble with Europe, says an American writer who has just returned.

Suffered for 20 years! HOBBO Cured me

People who believe that there is no remedy for kidney and bladder diseases are invited to read the following unsolicited testimonial:

I suffered for more than 20 years with kidney and bladder trouble. I had three hemorrhages. The physician said I must be operated on for stone in the kidney, but then the Lord I found HOBBO medicine and it cured me.

I know there is hardly anyone who has suffered as I did. I have seen the time when death would have been a relief to me. Now I enjoy life and am recommending HOBBO Kidney and Bladder Remedy to many who are afflicted with kidney trouble.

MRS. G. W. LEE,
Laurel, Miss.

No matter how severe your kidney or bladder trouble may be, HOBBO can give you prompt and blessed relief. Don't keep on suffering! Buy a bottle of HOBBO and begin taking it according to directions. HOBBO contains no alcohol, no habit-forming drugs—you can take it as freely as you wish without bad after effects.

Ask your druggist for HOBBO now. Price \$1.20 per bottle. Made by HOBBO Medicine Mfg. Company, Shreveport, La.

IT'S REALLY surprising.
THE MONEY you save.
BY ASKING questions.
I FOUND that the maker.
OF A hair restorer.
WAS BALD as a coot.
SO I passed that up.
AND A bird who came.
TO SELL oil stock.
HAD HIS own cash.
IN LIBERTY Bonds.
SO I ducked again.
AND I asked a clerk.
FOR THE best cigarettes.
AND HE reached around.
FOR A fancy box.
AND I knew I was in.
FOR THE same old line.
SO I asked him this.
"WOULD YOU smoke one of 'em."
IF I bought a box?
AND THEN he smiled.
LIKE A regular guy.
AND SAID "No thanks.
I'LL SMOKE my own."
AND I got wise.
AND ASKED him then.
WHAT BRAND he smoked.
AND HE showed me.
AND THEN he said.
"THEY SATISFY."
AND B'GOSH, he's right.

SURE they satisfy. Chesterfields have "body"—that's the reason. Body enough to satisfy a cigar smoker. And yet Chesterfields are mild. Impossible? That's it exactly—Chesterfields have accomplished the impossible. They satisfy and yet they're mild.

THE RIGHT WILL WIN

Truer words were never spoken than those of Dr. Truett at the Baptist convention when he said that the league of nations is as sure to win in the course of time as Jehovah is on his throne. The moral sense of the nations is supporting the covenant and the moral sense of mankind will finally triumph over the exigencies of politics. The league will win because it is right.

Just as well try to harness the tides of old ocean and change the orbit of the planets as to challenge the moral processes of the world. Finally justice will triumph and the world will realize that murder is the real name of war. Then the men who sought to stay the advance of civilization will vanish like the painted pageant of the stage. Some day the world will know the truth and the truth will make it free.

Some day the nations will take upon themselves a solemn oath never again to tax themselves to the bone in order to purchase and maintain the machinery of death.

Some day the nations will resolve by God's help never again to deplete the world's man power in order to fill the trenches and cantonments of war.

Some day the nations will reject forever and forevermore a program that causes man to slay his neighbor without cause and without excuse.

Some day the nations will reject the policy of wasting the gardens of civilization and converting the fields of earth into a desert waste.

Some day the nations will consider the mothers and babies of equal importance with the manufacturers of munitions and the political adventurers who for a little place in history conspire against the peace of the world.

Some day the nations will say to the conspirators in high places: "You shall not press this cup to the lips of humanity. You shall not send millions of bright-faced boys to the shambles. You shall not fill the land with rape and pillage. You shall not depopulate states and destroy cities. You shall not unloose the lightning on a billion people in order to humiliate the leader of that people."

Some day the nations will say to all political parties: "You cannot win a campaign on a platform of imposture. You cannot convince the public that it is treason against the republic to sweep murder from the seas. You cannot make this land a shambles in order to win the votes of the traffickers in death. You cannot live in a country you seek to drive to the red brink of desolation. You cannot win political victories by selling your own souls to theimps of hell."

Some day the nations will say to the men who coin millions from the profits of carnage: "The cup of your iniquity is already full and running over. You have planned your last international cataclysm. You have corrupted your last congress. You have bought your last kaiser. You have brutalized your last Prussia. You have purchased your last party. You have paid for your last election. You have murdered your last babe. You have ravished your last woman. You have sacrificed your last nation. The day of your judgment has dawned and the very stars are red with the curse pronounced against you. You cannot drown a world's cry for peace in the clamor of a murderer's lust for profits. An outraged world has pronounced against you its sentence of death."

The American people are matchless in their patience. They are slow in their judgment and cautious in their wrath. But in the final tests of right and error the American people are invariably right. For a season the cause of peace is under the clods of the valley. But that cause is as deathless as the Christ who first preached it on the hills of Galilee. It will come from the charnel house to which the servants of hell have sent it. The stone will roll back from the dreary sepulchre, and in that day the nations will league together to prevent the direst calamity that ever visited the world.

There is no cause for despondency. There is no cause for hurry. What ever is right will triumph, and Jesus of Nazareth was right when he said: "They who take the sword shall perish by the sword. Glory to God in the highest and on earth peace and good will to men."

No use to even try to understand politics. For instance here is Senator Owen running for president on the Muskogee platform, which indorses Wilson's stand on the treaty, and said to have the support of Bryan, who is working with Jim Reed to swat Wilson at San Francisco. It's no use.

We don't know as much about Admiral Sims as the navy department does, but we know enough to believe that he will never rank with John Paul Jones and David G. Farragut and George Dewey in the annals of the American navy.

The new government of Mexico doesn't want to last long. It has promised to close the gambling halls and saloons.

The State Press

Tulsa World: We don't miss our old friend Villa so much now that Carranza is being caught several times a day.

Tulsa World: The seeming indifference to our signals may be because the Martians are busy trying to make Mars safe for democrats.

Pawhuska Capital: The Nevada authorities seem of a mind to provide a new plot for a movie film telling how not to obtain a divorce in that commonwealth.

Miami News: Deschanel was right in refusing his wife permission to accept that \$5,000 hat. He knows who will have to buy the next one.

Pawhuska Capital: King George's second son is reported to be scheduled for a visit to the United States next fall. Royalty has certainly taken a liking to us.

Tulsa World: The Russian wireless suddenly became silent last Saturday and has remained that way ever since. The folks over there are probably taking another dose of liberty.

Art Gumm

ATTENDS HIGH CLASS FUNCTION.

Dear Editor:

Well Ed. I am somewhat sleepy in the eyes today on account of having stepped out in the elevate circles of society last night and not having reached my flat until considerable after the mounted cops had turned in for a few naps within the saddle.

This thing which I attend was a high class affair Ed. and they was a number of other highbrows and myself there and also some 2.75 percent highbrows and a few common people like yourself. And then they was a pretty dame which I drop down with her mama and papa from Britton and she was some swell chicken.

But Ed. she seemed to have something upon her mind and took a low percent of interest in things which happen around her and she glanced over at myself several times and then I began to think possible she was bored with the rest of the company.

In the course of time, however, when the rest were all out upon the floor suffling to this dardanella peace I edge around and was summing up some courage to ask her for the next dance when she step behind one of these decorate screens near me and her mama follow her and I remove the wax from my ear and hear her mama say to stop whatever it was she was doing and Clarissa said she couldn't for she was suffering untold agony and then mama say Well you can at least show your good breeding

and endure it and tomorrow we will get something for it. So I sneak away Ed. and as one of the ugly dames which had no partner for the remaining shuffles.

Later on in the evening I went out upon the porch and met her papa and I say to him It strikes myself that this Clarissa of yours is considerable high class on the looks but it appear that she is unhappy tonight or something and he thank me for the first part and present myself with a cigar which I put within my pocket for future reference and he talk a little more and hand myself another cigar which I pocket and then finally he say about this pain question Oh Clarissa is afflict with these hives and tonight is as hot as—and he mention a place which I immediately recognize as usually considered warm and then he hand myself another cigar which I pocket and turn and walk within the house.

Upon the way to the flat Ed. it occur to myself how us, society folks have all of the same ailments which you common people have but you have us in the advantage by not having to wait until you scratch.

Uncomfortably Yours,
ART GUMM
—In Oklahoma City Times.

STOMACH SO BAD SHE HAD LOST ALL HOPE

Suffered agony for 8 years, and then got well in a hurry.

"I suffered from stomach trouble for 8 years—had acute indigestion for 4 years. All that time I have not slept a wink before 2 in the morning, and lived on milk and soup. My stomach was one solid sore."

"Doctors said I had catarrh and neuralgia of the stomach, also female trouble for which I needed an operation. I was nothing but a living skeleton and had given up hope."

"Then my husband brought home a bottle of Milks Emulsion. From the second dose, I began eating, and now, after 10 bottles, I eat anything I want. I haven't had a pain in my stomach since the first dose, and my female trouble is fast disappearing."—Mattie Cartwright, Tyler, Texas.

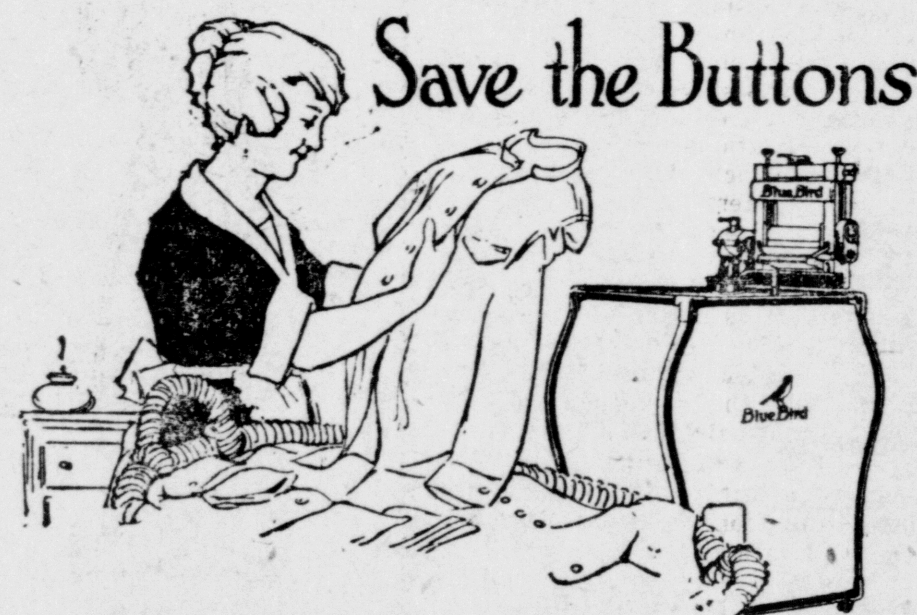

The blessed relief which Milks Emulsion gives in stomach trouble, is only part of its good work. The benefit is both prompt and lasting. It costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. It helps build flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists.

WIN & MAYS DRUG CO.

Your laundress doesn't mean to pull all the buttons off your clothes. But she gets so tired turning the wringer after she has been rubbing the clothes all day, that she becomes careless.

Let her wash and wring with

Blue Bird ELECTRIC CLOTHES WASHER

and see the difference. With BlueBird turning the wringer by motor, she will have two hands to guide the clothes through it.

And BlueBird copper tub saves the clothes just as the wringer saves the buttons, because it is absolutely smooth inside, with no holes, slats or projections to cause friction or wear. And it washes them wonderfully clean. And so quickly that washday is turned into wash-hour.

Don't waste a minute. Come today, or telephone to arrange for a

Mr. Frank Roddie and Mr. Sammie Dwight were the guests of Mr. Alvie Adams Sunday.

Mr. A. M. Adams and Mr. W. J. Palmer were shopping in Ada Monday.

Miss Jennie Palmer was the guest of Miss Martha Adams Sunday.

Come on, everybody, with your news—we like to read it.

Mutt and Jeff.

Let a want ad get it for you.

Automobile Notes

Ada Motor Company.

Dodge cars and Republic trucks are handled by this firm. They have a few trucks in stock now, but are out of Dodge cars at present. However, the News man was informed by Mr. Coleman of the firm that they are expecting 16 new Dodge cars to arrive in Ada at any time.

The building and office of this firm has been overhauled throughout which will be the means of affording better service to car owners. It will be the policy of this firm to handle the Dodge exclusively and they have a stock of parts that totals \$10,000.

Their life-long zeal for good workmanship in their repair department is sharpened and stimulated by a realization of what the public expects from them. The entire institution is honestly permeated with the idea that quality and performance are paramount and all-important. And so a standard which was naturally high, has been made higher still, by the bestowal of complete confidence on the part of the public.

W. E. Harvey Ford Agency.

The News man was shown thru the entire building of the Harvey Agency yesterday afternoon by Mr. Val Land, who has charge of the sales department.

Among the many noticeable things was the American Burning Test machine which will test a motor to its true horsepower. The motor of a car is placed in the base of the machine and bolted and then electrical tests are made. This feature eliminates the trouble of placing defective motors in cars and having to be exchanged.

The assembly room of this agency is modern in every respect. A complete battery of drills, lathes and tools are at the disposal of the workmen which insures the prompt assembly of a car. He visited the parts room and was informed by Mr. Land that there were enough parts in stock to build about 7 cars complete. The total invoice price of their entire stock of parts will total \$60,000.

The agency reports delivery of cars this week to the following:

R. J. Carter & company, Sulphur, 1 sedan.

Harrison Auto Co., Byars, 1 touring.

McIntyre Ford Agency, Allen, 1 touring.

Konawa Motor Co., Konawa, 1 touring, 1 coupe.

R. G. Sears, Ada, 1 touring.

Mrs. J. C. House, Ada, 1 coupe.

The Grant Irwin Garage.

This is an enterprising institution and they sell a perfectly good car—the Buick.

Mr. Irwin is up in the north with six Buick cars which he is to bring back to this state for buyers. Regardless of his absence he left a competent bunch of people in charge of his business. Mr. Irwin will arrive in Ada next week and will probably have something of interest to tell buyers of cars. The mechanical end of this garage is in fine shape and first-class work is their hobby.

Auto Top Works

This is another one of Ada's progressive firms and they do some good work. Their specialty is rebuilding auto tops and painting.

Fleet Cooper Garage

Yes sir, he sells the Nash, a good car. Mr. Cooper has just delivered three cars to buyers and could use several more if he could get them.

The boys around that place are a fine lot, and are all good workmen. The whole substance of this story could be confined to the one word "Goteverything", which is his motto.

Emanuel-Overland Co.

Here's a firm who sell another good car—the Overland. The feature of this car in a coupe is the comfort-giving quality of the three point suspension springs, a new perfected idea in car comfort. Aside from selling cars these people are with the Rock and Cope Garage who do a repair business. Their shop is equipped with modern machinery for this work and the class of work

produced by them is very satisfactory.

Baker-Reidt Motor Company

Chandler and Cleveland cars are sold by this firm, also the international trucks. H. P. Donley, the sales manager stated to a News reporter that this firm had added a repair shop for the exclusive service of owners of these makes of cars. This is a live institution and are enjoying a good business.

Fleet Cooper has sold a Nash roadster to John McKeel.

Grant Irwin is in Mattoon, Ill., with six Buick cars that will be delivered to buyers in this state.

W. K. Chaney has purchased a Chandler coupe from the Baker-Reidt Motor company.

The Ada Motor company received a shipment of five new Dodge cars this morning.

Mr. Emanuel of the Emanuel-Overland Co. is over to Allen today in interest of the Overland cars. He has reported quite a few sales of these cars in this city.

FRANCE MUST PREPARE--FOCH

FRENCH MARSHALL SAYS A COUNTRY WHOSE INDUSTRY IS WAR AND WHOSE RIGHT IS MIGHT WILL STRIKE AGAIN

By the Associated Press

PARIS, May 19.—Warning that France must in the midst of peace make preparations for future war, was uttered by Marshal Foch, who presided at the annual meeting of the polytechnical school for army engineers today. Discussing lessons of the great war, he said the present economic struggle is the first part of the peace program, but preparation for war is the second part.

"Which of us," he asked, "dares believe Germany is renouncing war on the morrow of her ruin—Germany which, inspired by sheer ambition, took up arms in 1864, 1866, 1870 and 1914 on the plea of historic necessity? Germany's neighbors, whether they wish or not will be forced to keep up armies and maintain strong frontiers, because, quite apart from the generous intentions of civilized humanity there are historic realities and racial appetites just as there are geographical realities."

"How can we help mistrusting a nation," he continued, "which reduced to impotence by the great Napoleon, was able by its martial ardor to re-establish itself and bring about complete overthrow of the colossal Napoleonic empire, and by superlative militarism and methodic employment, extended its authority from the east Prussian marshes to beyond the Rhine? Making war its national industry and might is its right."

Marshal Foch paid a tribute to Marshal Joffre, whose inspiration he declared brought to France victory at the Marne.

HOUSE ADOPTS SENATE RESOLUTION

By the Associated Press

WASHINGTON, May 19.—Republican leaders in the house agreed today to accept the peace resolution adopted by the senate as a substitute for the house resolution and decided tentatively to call it up for final action.

EYELET EMBROIDERY IS AGAIN THE VOGUE

By ELOISE.

There may soon be something for the dress reformers to cry about if indications prove true for the much talked about peek-a-boo styles are coming back. There will be nothing said against them now, however, for a peek-a-boo waist can not expect to get any notoriety after georgette blouses have held sway so long. Shops are already showing summery creations which feature peek-a-boo effects in the form of eyelet embroidery.

Many of these frocks are made up in dainty colors. Here is a style which is being shown by a New York shop. It is made of lace combined with rose eyelet flouncing. A rose silk corded girdle marks the waistline and the eyelet embroidery trims the short sleeves. This type of frock will be very popular for the afternoon affairs of the summer months and for wear at summer hotels and beaches.

Prices Go Down in Ohio.

By the Associated Press

YOUNGSTOWN, Ohio, May 19.—A reduction of 20 per cent in prices of nearly all goods was announced today by one of the large downtown department stores.

Rev. C. C. Morris
Writes Interestingly
Of Trip to Wash'n.

Washington, D. C., May 15, 1920.
Ada News,
Ada, Okla.
My dear friends:
I promised you that at the close of the first week I would write you a letter, so I am proceeding to keep that promise.
We arrived here Monday afternoon at 2:45, after having passed through one of the most beautiful sections of the country. We came over the B. & O. Railroad from St. Louis and after leaving Grafton, W. Va., we struck the Alleghany mountains and the scenery was very beautiful. The mountains stood out yonder so majestically gigantic, we could not refrain from saying with the Psalmist "The earth is full of the glory of the Lord."
We followed the magnificent Potomac river for several hours and I think it compares favorably with the beautiful French Broad in East Tennessee and Carolina. In fact, after having seen some parts of Europe and quite a bit of America, including both the Rocky mountains and the Cumberlands and Alleghenies, I am ready to say with others, "see America first."
Mrs. T. D. McKeown met us at the Pennsylvania station with her car and took us to the Congress House hotel where they had previously made reservations for us. It is a very nice hotel indeed, situated near the capitol, and just across the street from the house office building.
Mrs. McKeown took us to Mt. Vernon Tuesday where we spent most of the day. In the afternoon we came by Alexandria, Va., and visited the Masonic lodge where Washington used to reside. They have many wonderful relics of the Father of our Country. We went to the church where he used to wor-

ship and I even dared to sit in the very seat where this great man sat.
In the late part of the afternoon we came back thru Arlington, the home of Gen. R. E. Lee, saw the memorial which is in course of construction. It is to be used for memorial exercises for our heroic dead. It is gorgeously beautiful.
As you know, Arlington is now a great national cemetery where sleep thousands of the heroes, both the Blue and the Gray, and the men who gave their last full measure of devotion in the war with Spain.
We spent Tuesday evening in the congressional library. I cannot begin to tell you the thousands of interesting things we saw there.
We hear a great deal about the marvelous architecture of Europe. I have seen what London has to offer, what Paris has to offer and what other parts of Europe have to offer. It may be because I am so thoroughly prejudiced for "my own, my native land," but after seeing the city where abides the heart of America, I am free to say I think ours superior to any of it. The great buildings of Europe have so many and awful crimes connected with them that it obscures the glory and grandeur of them. No such awful crimes hover about our great buildings, but on the contrary, one only thinks of their glorious history; we think of how the masses have been made to suffer in Europe thru the centuries and that most of the plans for crushing the common people, and much of the active crime, was committed in and around their public buildings, while all the glorious history in connection with the capitol of our republic is for the freedom and uplift of mankind.
The convention opened on Wednesday, May 12th at 11 o'clock. I will not go into details about the convention, but will say that the Baptist \$75,000,000 Campaign Commission reported more than \$92,-

000,000 pledged to date and about \$12,000,000 already paid in and this within five months after the pledges were taken.
There are more than 8,000 messengers at the convention besides several thousand visitors who are Baptist but not accredited messengers. It is estimated that there are between ten and twelve thousand Baptists here in attendance. It is by far the greatest convention held in the history of the denomination. The next meeting will be held at Chattanooga, Tennessee, May 11, 1921. I was a member of the committee to select time, place and preacher for the next meeting.
Mr. and Mrs. Herndon came with us and we have had a very fine time together. I must tell you the dirty trick Tige played on me. As we were coming into the city we saw Washington's monument in the distance. I remarked to Tige that he and I would go out there and climb the stairway leading to the top of the monument and the first one of us to have to sit down to rest on the way up, would buy the dinner for the crowd. He agreed and we said no more about it.
The next morning when I got up Tige was gone. When I came to find out the truth he had gotten up at five o'clock in the morning and had been out to the monument two or three hours practicing on climbing the stairway.
We have not had much opportunity for the past three or four days to sight-see, but will stay here a day or so after the convention for that purpose. We may be fortunate enough to go through the White House through the influence of Judge McKeown.
We will hear Dr. Geo. W. Truett preach tomorrow (Sunday) and will leave here Monday night or Tuesday morning for New York and spend two or three days. We will arrive home about Saturday the 22nd.
Will make a detailed report of

the convention at the night service, May 23rd.
Love to all from Mr. and Mrs. Herndon, Mrs. Morris and myself.
Cordially,
C. C. MORRIS
P. S.: I also saw W. D. Little of the News force.

East Central Faculty
Entertained Monday

Misses Keller, Knight, McClure and Paxton were hostesses at the home of Miss Keller on East 10th street, Monday evening to the members of East Central faculty who will leave the institution this summer. Those honored were Dr. and Mrs. Gordon, Mr. and Mrs. Perkins, Mr. and Mrs. Sears, and Dr. Bradford.
The house was artistically decorated in pink and white roses. The guests assembled at 8:30 o'clock and enjoyed two hours of 42 in which Dr. Bradford, Mr. MacMillan and Mrs. Carter proved themselves most efficient players. Refreshments consisting of brick cream and angel food cake, carried out the color scheme of pink and white. Pink roses were given as favors; bouquets of carnations being presented to the guests of honor. All enjoyed

the evening, there being only the one regret that the same personnel would not likely be present again. Those present in addition to the hostesses and guests of honor were Misses Gamble, Mann, Watt, Spooner, LaMar, Jones, Carney, Mrs. Carter, Mr. and Mrs. Robinson, Dr. and Mrs. MacMillan, Mr. and Mrs. Norris, Mr. and Mrs. Wilson, Messrs. Newcomb and Pratt and Miss Violet Knight.
It is true that man is born to trouble—but by exercising his judgment he can sidestep a whole lot of it. Buying HOOD TIRES is one way. —Sterling Motor Supply Co., phone 860. 127 W. 12th st. 5-17-4d

Produce Firm Is
Building New Place
To Handle Business

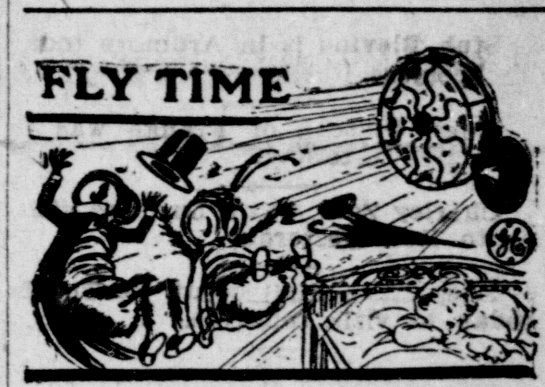

The Dandridge-Kerr-Ashton company have purchased the Armstrong potato house just east of the ice plant and are preparing to move into it soon. They will put up a large building on the lot to handle the produce business coming their way.
This company entered the produce business in Ada less than a year ago. It was considered doubtful at the time if a business given wholly to dealing in produce could succeed

in Ada, but their success has demonstrated beyond the doubts of the most skeptical that it can be done. The firm now has several salesmen on the road and their business has far outgrown their quarters. The new building is on the railroad so they can unload their goods from the tracks and when the building is completed it will permit them to grow as fast as the territory and trade demand it.

Try our pies and cakes if you want something delicious for a real dessert. — KNOTT'S DAY LIGHT BAKERY. 5-18-2td

Three hundred wooden ships of the United States built to combat the submarine campaign, are to be sold to foreign countries. The ships are 3,500 tons each. The United States shipping board expects to realize about \$40,000,000 by the sale.
The Jews of Toronto, Canada, have suffered very slightly from the smallpox which has visited that city.

Keep Them Moving

THE next best thing to "swatting the fly" is driving him away. The sweeping breeze of an electric fan will keep flies from sleeping infants (or adults) and from exposed food on dining table or in kitchen.

A G-E fan costs but a trifle to operate and insures cooling breezes and protection from flies. We have sizes and types to suit every requirement.

Buck

If you're thirsty for some real beer—listen!

Buck tastes exactly like beer—the real old-fashioned flavor. It's the only grain beverage that satisfies me. I drink it every day—when I'm thirsty—at meals and when I'm fagged after a hard day's work.

Try it yourself and you'll want a case at home like I did.

Equip Your Smaller Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day.

You can well do so because these smaller Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag \$4.50

LOUISVILLE MAN GAINS TWENTY-THREE POUNDS AND NEVER FELT BETTER

Five Years of Dyspepsia And Catarrh Had Weakened Him So He Could Work But Little.

COULD HARDLY GET BREATH LYING DOWN

McCrone Says Tanlac Soon Overcame His Troubles And He Now Feels Like A Brand New Man.

"If there was ever a time in my life when I felt better than I do now I don't remember it," said Michael McCrone, a well-known resident of 541 South Clay street, Louisville, Ky.

"I have not only gotten rid of a case of stomach trouble and catarrh of the head that made my life miserable for five years, but I actually weigh twenty-three pounds more than I did the day I began taking Tanlac. I could not eat anything except very light food but what was good for me and keep me feeling sick at the stomach

for hours I had the worst sort of pains in my left side, and at night especially the catarrh in my head caused me so much trouble I could get but little rest I could scarcely breathe lying down and it was often almost day before I got any sleep at all. I lost thirty pounds in weight and had very little strength and was in such a bad fix that I had to stay home from work for days at a time.

"While looking over the paper one evening I ran across a testimonial for Tanlac that described my case so well that I made up my mind to try it. After I had finished my third bottle I was feeling like a brand new man. My catarrh was gone, my head felt clear, my stomach stopped troubling me and I could lie down at night and sleep like a child. I can now eat such things as meats and cabbage—in fact just anything I want—and never feel a touch of indigestion. I have never felt better in my life than I do now, and when I recommend Tanlac to my friends it's easy for them to see the change that has taken place in my condition."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy. adv

WEBER RETURNS FROM FAR EAST

HAD HARD SAILING IN JAPAN; COULD NOT GET RETURN PASSAGE; EASTERNERS DISLIKE AMERICANS.

R. L. Weber, Ada cotton and gin man who went to Japan in the interests of local cotton firms, returned to Ada this week and has an interesting story to relate concerning his experiences.

Mr. Weber left Ada March 1st of this year and was gone on his trip two months and a half. On his trip east he boarded the Japanese ship Tenyo Maru at San Francisco. The trip to Honolulu took five days. Honolulu is about half way between San Francisco and Yokohama, Japan, in the middle of the Pacific ocean. The ships west of the Hawaiian islands do not make the time made on the first part of the trip and it took nine days to go from Honolulu to Yokohama.

Mr. Weber was in Japan four days. He said this was all the time he wanted there. While on the island he was arrested 40 times and his passport closely examined. He says the Japanese are not friendly to Americans and he was glad to leave as quickly as possible. He accomplished results in his trade mission, but the social part of his visit in the Nipponese state was not so satisfactory. Mr. Weber had trouble in getting passage to leave Japan and in order to get out of the country he was compelled to act as an officer on a steamship of the American Shipping board. This ship was the "Easterline Guide." He came on it from Yokohama to Honolulu.

Mr. Weber stayed three weeks on the middle Pacific islands. He visited all the interesting points on these islands and talks interestingly of what he found there. He says the people of the islands are far ahead of the people of Oklahoma in the question of roads. They have paved roads in all directions and it is possible to go all around the islands and never leave the hard surfaced roads. The roads are built of coral, concrete and asphalt.

One interesting sight on the Hawaiian Island is the Kilauea Crater. This crater is 35 miles from the city of Hilo and is in continuous eruption. It is the only burning crater in the world where you can go to its mouth and look down into its burning bowels. This Mr. Weber had the experience of doing. He brought back to Ada several pictures of this crater.

Another interesting sight at Honolulu is the Waikiki beach. While visiting at this beach Mr. Weber saw and talked with the Prince of Wales. Mr. Weber says the prince is very democratic and that he danced with all classes of women without favor. The Waikiki beach is one of the most famous beaches in the world and is open for bathing all the year around.

On the return journey from Honolulu Mr. Weber came on the American ship "Matsonia." This ship is used for both passengers and freight. On this trip the ship brought 10,000 tons of raw sugar, 1,000 tons of molasses, 40,000 cases of pineapples, 5,000 bunches of bananas, in addition to the passengers. Because of the Mediterranean fly in eastern countries all fruits and grain is fumigated before it is brought to American shores. There were 274 passengers on the "Matsonia" on her return to San Francisco. Only two of those were Okla-

homans, these being Mr. Weber and Mrs. Judge Russell of Ardmore.

Mr. Weber says the city of Honolulu is one of the cleanest cities in the world. There are no flies or other pestiferous insects there and the health conditions are the best. He is very delighted with his trip as a whole, but says that Ada, Oklahoma, looks better to him now than it ever did before and he is certainly glad to be back among friends and acquaintances.

What is "Spring Fever?" It is simply low vitality, a lack of energy caused by impure blood. GROVE'S TASTELESS CHILL TONIC restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. 60c. adv

Revival In Progress At Oak Ave. Baptist Church Is Fruitful

Evangelists Sparks and Post are conducting a revival at the Tabernacle corner 6th and Johnson streets, under the auspices of the Oak Avenue Baptist church. The meeting began Sunday night and has been growing in interest and attendance.

Singer Daniel H. Post is from the Baptist Seminary at Ft. Worth, Tex., and is proving himself an able leader of song. A large chorus choir has been organized. A junior choir composed of those under 15 years of age, has also been organized and will sing each night.

A feature of the meetings is the Gold and Purple "Booster" organization which meets each afternoon. The kiddies are attending in great numbers and the contest bids fair to involve all who live in that community.

To date there has been a good number of conversions and 12 have united with the church. Services are held each morning at 10 o'clock and again at eight p. m. The "booster" organization meets at 3:45 p. m. All are cordially invited to the services.

DOING THEIR DUTY

Scores of Ada Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty. When they fail to do this the kidneys are weak. Backache and other kidney ills may follow.

Help the kidneys do their work. Use Doan's Kidney Pills—the tested kidney remedy.

Ada people endorse their worth. E. B. Gregory, farmer, 509 W. Eleventh St., Ada, says: "Some years ago, I used Doan's Kidney Pills when I was having trouble with my back and kidneys. Doan's removed the stiffness and pains from the small of my back and regulated my kidneys."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gregory had. Foster-McBarn Co., Mfrs., Buffalo, N. Y. adv.

Kimball Organ, nearly new, fine condition. Will sell cheap or trade for a good cow. Phone 118-J, 639 North Beard Ave. 5-18-5td.

Candidates May File Their Notices Now For August Primary

Candidates for all county offices subject to the primaries in August, today were requested to file their announcement of candidacy with the Pontotoc county election board. The secretary of the board said that candidates have until July 3 in which to file with the election board. The primaries will be held

Three candidates are seeking the office of sheriff, all democrats; three are out for county clerk and one for court clerk. Only one man has announced for county attorney thus far in the campaign and one for county judge. This is also the case with the representative's race and one for the office of county superintendent.

Candidates have until July 3rd to file for county offices. The state and federal office seekers must file before June 14th, as the filing date closes 550 days before the primary.

OKLAHOMA COAL MINERS SELECT THEIR TICKET

By News' Special Service

McALESTER, Okla., May 19.—Pittsburg county's central labor union said to be the first in Oklahoma to pick conditions under the American Federation of Labor plan for a non-partisan campaign this year today announced four candidates which it will favor for office.

The candidates favored are John L. Britton, president of the central labor body and vice president of district No. 21, United Mine Workers of America; and Al Jagers, secretary of the central union, both for state legislators; Tom Neal of Poteau, candidate for judge of the criminal court of appeals; Dave Tatum, candidate for sheriff of Pittsburg county.

The union also passed a resolution against the \$1,000,000 bond issue for good roads in this county and proposed bond issue of \$300,000

for building a court house here. Both propositions are to be voted on May 25th.

"A column twenty men abreast, marching sixty days—sixty long days and sixty nights—that would be the parade of the Allies."—The Etude.

With the Women of Today

The national conventions this year are going to have plenty of women to help them nominate their respective candidates. One of the most recently named women who will attend the Democratic national convention at San Francisco is Miss Bessie Agnes Dwyer. Miss Dwyer is a lawyer, librarian and lecturer. She has been named as delegate to the convention by the Democratic party of the Philippine Islands.

Miss Dwyer spent sixteen years in the Philippines in the service of the Insular Bureau. She returned to Washington in 1919 and since that time she has been traveling about the country speaking before women's clubs and other civic organizations regarding history, development and progress of these wonderful islands ten thousand miles away.

Woman for German Post
Fraulein Gertrude Baumar has been appointed director of the Department of Public Schools. She is the first woman to occupy a leading post in connection with the administration of home affairs in Germany.

Vassar Graduates Seek Positions
The records of the Vassar Occupation Bureau show that 72 members of the present senior class have already filed applications for positions after June, 25 of them looking for teaching positions, 14 for openings in business, 13 for social service work, eight for laboratory and other scientific work, seven for psychological work and five for journalistic or advertising positions.

NEW BUILDING IS THE LAST WORD

(Continued from page 1)

classes. These are the domestic science and manual training departments. They are equipped with the latest improvements with which to teach these studies. These rooms are in the east end of the building. On the west is a double room to be used for a gymnasium and play room for the children. This will be used especially in bad weather and when play is carried on at night. On this floor are found the latest improved toilets for both boys, girls and teachers. Each of these has shower baths and stalls of the latest design and most sanitary plumbing. There are also two store rooms on this floor. This floor also has the heating system for the building which is the best system of its kind that money can buy. The boiler is heated with gas and works automatically so that all that is necessary to heat the building is for the janitor to turn on the gas at early morning. When the gas reaches a certain heat it reduces automatically without further attention. A vacuum pump is used to pump all water from the radiators back into the boiler so that the radiators are kept free of water and the water is used over and over again.

The building as a whole is a model school structure and the faculty of East Central are very proud of the part they have been able to play in its construction.

BURGOO DATES FOR LATE JUNE

PITTSBURG, Okla., May 19.—The date for Pittsburgh's annual picnic and burgoo has already been set. The festivities will be held June 24, 25 and 26 of this year.

The roping contests, baseball games, races and other events will be conducted in the usual place, Drew Park. However, the enclosure is to be extended in order to accommodate the crowd and the amusements. A new race track will be included in the improvements. The races, probably auto and horse both, will be an extra attraction never had before. Speaking, dancing and music are included in the program.

Burgoo, the famous picniccooked food which has made Pittsburgh's annual events famous, will be served as usual.

Normal Notes

Miss Emma K. Keller will entertain the Treble Clef club at her home this afternoon. This club has presented Miss Keller with a beautiful gold fountain pen.

Miss Willetta Kittell will leave June 1st for New York where she will study music at the New York conservatory.

The entire student body of the Normal will participate in a picnic on the campus grounds tomorrow morning. It has been arranged to have the different classes to lunch together and a big time is expected by all who take part. The feature of this event will be an impromptu stunt by each class, the winners of which is to receive a prize. The judges of the event will be Mr. Newcomb, Miss Knight and Dr. Bradford.

The junior class of the Normal are on a picnic today at Allen. They are riding in a truck that was furnished by the White Transfer company.

Lady Astor was called to order in the British House of Commons for talking with another member. She hurried across to the bar where greater liberty is permitted, laughed and then waved her hand at the speaker.

Canada complains that her northwest is becoming the mecca of "reds" who are feleing from government activity in the United States.

A coffee bean containing no caffeine has been discovered growing in Madagascar.

LARGE SUMS LOST BECAUSE OF STRIKES

By the Associated Press
NEW YORK, May 19.—A complete list of losses by strikes in 1919 places the cost of labor in wages at nearly \$725,000,000 and to industry at more than \$1,250,000,000. Frank H. Sisson, vice president of the Guaranty Trust company of New York City, told the silver jubilee convention of the national association of manufacturers here today.

The chief danger in the present situation, Mr. Sisson said, is the desirability of low prices as an end in itself may be so exaggerated as to lead to the attempt to force prices down through harmful measures for the control of credit.

"Endymion" Will Be Produced Tomorrow By E. C. Graduates

An important part of the graduation exercises of the East Central State Normal school this year will be the play to be given tomorrow night by the senior class. The title of the play is "Endymion," a Greek play in three acts.

The play is under the direction of Miss Anna Weaver Jones, physical director of the college, and in it will be dances and other exercises to demonstrate her work with the school during the past year. Those portraying characters in the play have given conscientious study to their parts and it is said the production will be one of the best in school. A short synopsis of the play is given below.

Endymion is a prince renowned for his beauty. Artemis, goddess of the chase, falls in love with him and tries to get him to leave the mortals and follow in her hunt. Endymion is in love with Phrynia and refuses. Artemis then asks Morpheus, god of sleep, to put Endymion into an eternal sleep. Hermes, messenger of the gods, makes Morpheus change his magic spell so that one beside the goddess may wake Endymion, and that one, a mortal, who loves him with such unselfish loyalty that he will gladly resign his dearest possession for the power to wake his friend. His parents, King Aeolus and Queen Hermia, bring three priests of Zeus but they are unable to awaken him. Eumenides, bond friend of Endymion, agrees to give up his dearest possession, who is Kallisthene, but Artemis returns Kallisthene to her lover.

New Styles From Hart Schaffner & Marx

Copyright 1920 Hart Schaffner & Marx

YOU may be getting ready for graduation; or maybe your turn doesn't come for another year or so. If you're going to be a graduate we need hardly remind you that it's important to look your best; a new suit is almost a necessity.

BUT whether you graduate or not, it's important to present a dressed up appearance on that day. We're specialists in Young Men's Clothes; we make a particular point of the very smart styles for very young men.

HART SCHAFFNER & MARX have produced for us the liveliest styles ever shown; "Prep" styles; they're ready for you, graduates or not.
